Linares Vidal, Victòria	1	
Eriksson, Per	1	
Bazyka, Dimitry	1	
Scouras, Zacharias	1	
Hawkins, Mike	1	
de Vathaire, Florent	1	

Summary of the CEREBRAD public website

With this document, we want to notify the Commission that the Deliverable 5.1 is ready. This deliverable is the public website of the CEREBRAD project, registered at <http://www.cerebrad-fp7.eu/>. Below, a screenshot of the main page is shown:

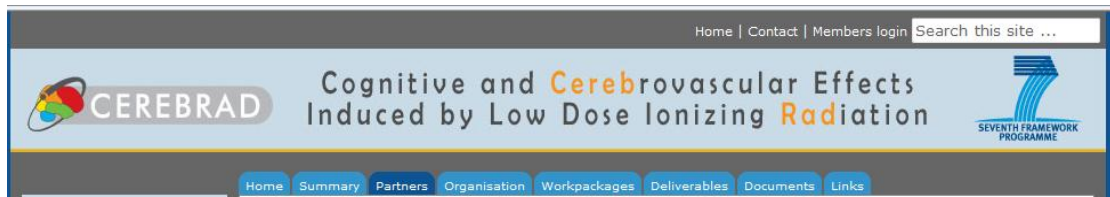

The website is a tool to support the dissemination as described in the communication plan. Whereas the website will need to be updated regularly during the lifetime of the project, the structure is already defined, and the most important project information at this stage and open for the public has been put in place.

WEBSITE CONTENT

Next to the main page, additional pages are available with the project summary, the websites and contact persons of the partners, the structure of the project organisation, the workpackages, the list of public deliverables, public project documents and links to relevant websites such as MELODI, UNSCEAR, DOREMI, ICRP, NOTE and ARCH. Requests for mutual links on the DOREMI and MELODI website are sent to the owners. The link with PROCARDIO will be put in place at the moment this website is ready.

COMMUNICATION to the public

With the **Contact** button, the website visitor will be able to send an email to the general CEREBRAD mailbox, cerebrad@sckcen.be, which is accessible to the coordination team.

RELATIONSHIP WITH THE WORKSPACE (open for partners only):

Partners can be redirected to the CEREBRAD workspace, that is password protected, and only open for partners, through the **Members login** button. The workspace has already been described in Deliverable D1.1., and is the secure site where the internal CEREBRAD documents are managed.
